[W/c/n] P.o.v

"LEAVE ME ALONE!" i yowled. Paw steps getting closer by the minute. I needed rest, I don't have a lot of stamina, but i am fast and strong.

"Never [w/c/n]!"

Then i was tackled down by a big brown tabby tom with a scared muzel, I then went wide eyed as i felt the tom's claws dig into my shoulder. it was moon rise, the moon reflected my {Fur color} pelt, and my {Eye color} eye's that shined like {You pick/ aka like if you have blue eye's then maybe like the river? something like that} I tried to yowl for help, but the brown tabby yanked me up by the paw.

"Don't make one single noise, got it?"

I could only say yes with my ear's being pressed down against my head. Tigerstar only laughed quietly and smirked.

I followed him sad and scared. You see, I was going to hunt for my Clan. I was in ThunderClan I was also a strong and fast warrior, I was named [w/c/n] for a reason, the reason was when I was a kit and a apperantice I got weird dreams from StarClan. I can't remember some of them, but I do remember StarClan saying I have a special power. 'But what' I asked myself.

*** (That means time skip when I am doing this on my computer, also sunrise)

Once we got to his territory I got stares and smirkes

Firestar x Reader x Tigerstar

[image]

Ok I'm so sorry for not making the other part to this, my computer got broken by my sis dumping it into the bath tub, so I'm doing this on my phone. But anyways here ya go.

We were in the dark forest. '*But...how, how did we get here!?'* I thought, my fur was prickling by now.

I was worried for Firestar, he was my mate. Me and Sandstorm did not get along well, she was always mean to me for no reason. Well, I *did* steal Firestar's heart from her.

Tears started forming in my eyes, but I held them back.

I really wanted to go back to Firestar, I am starting to worry about him so badly.

-Firestar's P.O.V-

'*Where is [y/w/n]? She was suppose to be back by now. I'm starting to worry about her, but I can't just go outside th camp and look for her. I've got to stay here if anything happeneds. I guess I'll look tomorrow.'*

Once I fell asleep I heard a laugh, I quickly opened my eyes only to find myself in a dark forest. Maybe no.... It couldn't be, was I in the dark forest? The forest reaked with freash and dry blood. I saw a pair of yellow eyes in a bush only for a second though.

Then a familiar smell I NEVER wanted to smell again was back, Tigerstar is somewhere here. I bet he did something to [y/w/n], once I get my paws on him there won't be any more dark forest for him because starclan surly won't help him.

"Firestar."

"Where are you Tigerstar!? Answer me, NOW!" There was outrage in my voice as I spoke, I turned around only to see Tigerstar behind

me with [y/w/n] tied up on a tree with a rope...Wait, [Y/W/N]!? I knew he did something to her.

I looked at her with saddened eyes. Then turned to Tigerstar with a glare.

-Your P.O.V-

I could only watch as they were talking then something I heard made me crouch down and back up against the tree I was tied to.

"Well, deal or not?" Tigerstar snarled.

"And what if I don't accept it?" Firestar asked glaring at him while he was just smirking.

"Then I kill her." His smirk grew if that was even possible. My eyes grew wide with horror. Either they fight for me or I die?

"Deal."

I looked up as I was crying softly looking at Firestar, I whispered '*Be careful.'* He nodded and when Firestar wasn't looking Tigerstar jumped out of the shadows and then they had a battle filled with blood....And I had to watch.

-Time skip- (Why does everyone hate time skip? Anyone know!? Cuz I wanna know! Ok back to da story.)

How long has it been? The battle is still going on! I want to make it stop! Starclan, please...Help me! I preyed. Then with such strength, that starclan I believe gave me, I came undone from the rope that was tied around my neck.

Once I was free I ran full speed to both the males that were dripping with blood, and battle scares everywhere on them.

"STOP!" I yowled out standing in the middle of them, looking right to left where they were standing. Well almost standing at least.

"PLEASE!, stop fighting...." I whispered the end looking down at my [p/c] ([p/c] means paw color, and if you have stripes or anything

like that then you can skip it) but I looked back up again to see the two Tom's straing at me.

"Then who do you pick?" I was surprised to hear Firstars voice.

"You can't go with both of us, you have to chose." Tigerstar said with hopeful eyes.

Did they really think this was easy!?

Tigerstar, was my best friend since we were kits. He was always loyal to me, he was always protective of me, he never once tried to attack me, he never let me out of his sight, heck he even got me out of trouble one time!

But

Firestar was very nice to me when we met each other, he gave me the last prey in leaf-bare when he didn't eat nothing, he saved my life when a bager attacked me, he helps me with missons that are important like when I needed to go to every clan to see what clan lost their kits, he saved me when I almost drowned!

This is so difficult! I didn't want to leave no one with a broken heart.

Tigerstar was trying to protect me all those moons ago but Firestar was a very caring friend.

I mean he left Sandstorm for me, ME!

Tigerstar was my best friend since kits, and Firestar was my mate.

I love both of them for starclan's sake! Starclan must know how I feel because they whispered-

To Be Continued.....

Haha cliffhanger! Bit. I'll make another part today right away when I have time. Please tell me what you think, it's not over yet.....:)

Also.....Longest book chapter yet!:D. Are you guys proud of me?

Firestars Ending

'*Follow your heart, it doesn't make mistakes.'*

Follow my heart!? My heart doesn't know what it want's though! Suddenly I felt something tug at my heart towards Firestar, then I knew that Firestar was always the one I loved, not Tigerstar.

"I'm sorry Tigerstar, but I-I love Firestar." I said looking at Firestar, he smiled and happiness flowed over his bright grass green eyes, I smiled back at him.

Then all if a sudden I felt a huge shock of pain on my side, then those yellow eyes were right infront of me, fire of hatred blazing in them. The scared muzzled tom racked his claws in my throat, took them out and stabbed me in my chest and slid his claws down words. But before he could get to my belly I saw a orange blur attack the tabby tom, sending him off of me.

I layed there, in a pool of my own blood. It was coming out like a waterfall, deep wounds were cut into me. I was breathless, I wanted to sleep it was calling me. My eyes slowly fell down as I layed there limp. I saw terrified green eyes looking at me as I saw Firestar trying to run to me, but one of his legs worn't good, he was limping to me as fast as he can.

Then I finally closed my eyes as sleep took over me, I thought I was going to die so I said quietly

"Goodbye Firestar, see you in starclan."

---Time Skip---

My eyes snapped open to see grass, wait, I'm not dead?

I looked at my side to see Firestar laying by me with his eyes closed. I smiled at the thought that I'm still with him. I tried moving

but that only made me hiss in pain, I calmed down a little.

"Firestar?" I asked as I raped my tail around his.

"[Y/w/n]?" He mumbled opening his eyes a little bit and looking to the side. He smiled as he saw me, pain and happiness crossed over his green orbs, the same happened with my [color] ones. He tried getting up, it took sometime as he was struggling.

Once he got up he helped me up, it took longer seeing as there was a long scratch make on my chest and claw marks on my throat. They still hurt really badly when I breath, though Firestar was worse. He had scratch marking all over his body, a long deep cut in his leg, and a longish cut by his eyes.

Once we were both up I nuzzled my head under him.

"I'm so glad I didn't lose you." Firestar meowed.

"I'm so glad I didn't lose you, I would never know what I'd do without you." I meowed back. Firestar laughed and we both headed back to the camp, were everything was peaceful again. Me and sandstorm got along now since she now knew how precious I am to Firestar.

End! So Pease please please tell me how this was, I would love to know! Even if you didn't like it please tell me. I want to see everyone's opinions! :D Next is Tigerstars Ending , beware that it will be longer then Firestars Ending.

Tigerstars Ending

'Follow your heart, it doesn't make mistakes.'

Follow my heart!? My heart doesn't know what it wants though! Suddenly I felt something tug at my heart towards Tigerstar, I then know that Tigerstar was the one I always loved, not Firestar.

"Firestar, I-I'm sorry...But I love Tigerstar."

Firestar glared at me as Tigerstar smiled, a real heart warming smile as his eyes softened. Firestar hissed at Tigerstar and left.

"[Y/w/n], are you serious about that you love me?" Tigerstar asked quietly.

"Yes Tigerstar, I love you more then anything. Though, I don't know what starclan will think about this." I meowed softly.

"Its ok [y/w/n], starclan was always by your side the beginning you were born, I'm sure they'll understand."

"I hope so."

"Anyways follow me, I need to see how my friends react when they see you while your here." As he said that I saw happiness and excitement in his yellow orbs, as he was acting hyper. I laughed and we ran to were his friends were.

---Time Skip---

It's been so long that I've seen Tigerstar, I forgot how many moons that was. I now lived alone as a loner in this big cave that I found in the woods, good thing is that it wasn't in any of the clan territory. I am planning on visting Tigerstar, I have really huge news for him. As I slept on leaves, grass and moss I had a dream.

Dream

I saw something in the distance, it looked like a cat, as it got closer I saw that it was my mother, Maplestripe a snowy she cat with a mapled color stripe on her head to her tail, though I looked like my mother/father (you can make your own father)/both more.

"Mother?" I asked as she was standing infront of me.

"Hello [y/w/n], I haven't seen you for such along time. You've grown so big." She had a smile on her white muzel.

"Mother, do you think I'm doing the right thing? Will starclan forgive me that I chose Tigerstar? Were will I go when I die? Will starclan abandon me?" I asked her a lot of questions.

She laughed. "[Y/w/n], I will answer your questions if you don't ask any more, ok?"

I nodded.

"Well first, you are doing the right thing your heart chose for you not yourself. Second, starclan will forgive you, you did nothing wrong. Third, that's your choise, do you want to be with Tigerstar, or with starclan? Finally, no, starclan will never abandon you, they were surprised that Tigerstar was acting so nice to everyone in the dark forest.

I've go to go now. Goodbye [y/w/n]."

"Bye mother."

End Of Dream

I woke up in the dark forest and I saw Tigerstar staring in my eyes witch made me yelp in surprise and I jumped back, my fur standing up. Tigerstar was laughing at how scared I was then I flattened my fur again.

"Not. Funny." I glared at him while he was rolling around like a dog.

"I-I'm sorry, I'm sorry." He said calming down from laughing so hard and stand up. "So uh...I'm sorry I brought you here but I just wanted

to check on you, you know, see if you were ok." He said awkwardly.

"Yeah I'm ok. But I need to tell you some news." I said in a serious voice as I sat down.

"Ok, what is it?" He asked sitting too with a smile.

I took a deep breath and said it. "Tigerstar....I-I'm having your...your kits in 6 moons."

His smile faded. "Are you serious [y/w/n]?" He asked looking into my [color] eyes.

"Y-Yes." I said as I looked down. I suddenly felt Tigerstar lick my ear while purring.

"That's amazing [y/w/n]" He whispered as he nuzzeled me.

-6 Moons Later-

I was asleep for about 7 minutes until someone woke me up. I was in my cave laying on moss Spottedleaf, a older medicine cat of thunderclan, helped me with the birth, gave me some prey and freash water that was in a hole in my cave. My mother was right, starclan is always by my side no matter what.

As I opened my eyes to see who it was paws covered my eyes.

"Guess who." I knew that voice but I played along.

"Umm is it..My father?"

"Nope."

"Is it...My brother?"

"Nope."

"Then who is it?"

"Me!"

"Who's me?"

"Aww you know, me!"

"Who's me?" I laughed. And at that time Tigerstar lifted his paws off of my eyes and layed infront of me.

"Me." He said cutly, I laughed.

"Their adorable." He meowed looking at our kits, I had 4 toms. One had Tigerstars fur and my [color] eyes, one had my fur Tigerstars yellow eyes and a really long small tail, one was the biggest kit of the litter with a white chest and Tigerstars fur, and finally the littlest of the litter was a black tabby tom.

"What should we name them?" I asked watching my kits.

"I think for the one that looks like me, Tigerkit, the one that has a long tail, longkit, the one that's the biggest, Hawkkit, and for the one that has black fur, Darkkit, you think?" He asked looking at me.

"I like those names." I meowed looking at him.

He smiled and asked. "[Y/w/n], do you want to come with me to the dark forest? We can live together with our own family and our friends." He said excitedly.

I sighed and smiled at him. "Once the kits are old enough to travel, ok?"

"Alright!"

End! Please tell me how this was, and I know this is long but I tried making it shorter but to me it had to stay the same because to me it wouldn't make since. Bye everyone! :D

Crowfeather x Reader

[image]

This was requested by Foxercub. I hope you guys like this! :) My bff helped me out with this while she was in the hospital, and she had a lot of good ideas so we made this together.

Two days had passed since the badger attack in ThunderClan, it was also a day when Crowfeather and Leafpool had gone back to their clans. The dark gray tom had tried to run away With the ThunderClan she-cat.

It saddened a (fur color) furred WindClan she-cat. She had known the grumpy tom since they were kits and some time during their training, she had fallen in with him, but there was also the black she-cat. Nightcloud was also in love with the dark gray tom and she knew your feelings for him. She would often try and put you down, saying that Crowfeather would never like you the way you liked him. Though you would always say that she couldn't speak for him and even if it was true you would want him to be happy.

Then the young warrior went missing, not long after that had happened one of ThunderClan's medicine cats had gone missing. After that, everything feel into place. Crowfeather was in love with Leafpool, yes you were sad that he didn't share your feelings, but even more so to see the tom broken hearted and no longer trusted by your clanmates.

It was a nice new-leaf day, you and Crowfeather had gone hunting. You knew he missed Leafpool cause he kept looking out over the border between ThunderClan and WindClan. Then after missing a rabbit the two of you were hunting you came to a stop.

"You miss her, don't you?" The was no coldness in your voice, nothing but worry.

Crowfeather looked at you as if he was going to try and lie about to lie. Then he saw the worried look in your (eye color) eyes, so he gave a deep sigh and answered "I loved her."

"I'm sorry things didn't work out Crowfeather. I really am." with that said you and Crowfeather went back to hunting.

It was sunset by the time you both went back to WindClan camp. Crowfeather had a rabbit in his jaws and you had a robin in yours. It was then when both of you placed the pray on the fresh-kill pile that you saw Nightcloud glaring at you with cold amber eyes. Crowfeather padded closer to you and whispered in your ear "Don't pay any mind to her."

A few days went by an you and Crowfeather had gotten a lot closer. The clan never forgot about what the dark gray warrior tried to do, but you would always try to help him. As did Crowfeather, in his own grumpy way though. After a few more days you two became mates, you knew he still felt something for Leafpool and you understood that. But you also knew that he loved you too.

Foxleap x Reader

[image]

This was requested by AWSOMEwh69A, sorry if I got your user wrong.

WARNING-Also this is going to be a sad one maybe!

Foxleap raced to ThunderClan camp, tripping over rocks, twiges, roots and even his own paws often. Once he got to Thunderclan camp he went straight to Firestar's den. "Firestar!" Foxleap called panting hardly. Firestar was laying down in his nest, but once he heard Foxleap he opened his eyes and sat up.

"What is it Foxleap?" Firestar asked annoyed.

"Its [y/w/n]! She's kitting and she's in ShadowClan's territory!" He forced himself to say as he was breathless.

"What!? Why is she in ShadowClan's territory!?" Firestar said shocked. But before Foxleap could reply Firestar went past him and called a Clan meeting.

Once everycat was sitting down Firestar told them the news. "Evercat this is very important so I need you to listin carefully," He paused then went on. "Foxleap told me that [y/w/n] is in ShadowClan's territory, but worst on all she kitting!" Firestar meows loudly.

There were whispers and shouts about this terrifying news.

:_Time Skip_:

As Foxleap lead Blossomfall and Leafpool to were [y/w/n] was the 2 were talking.

"Foxleap, how did this happen?" Leafpool asked.

"Who cares. Besides I bet Foxleap planned this, I mean, he has no friends. I think he wants to-"

"Shush Blossomfall." Leafpool cut her off.

"Well I'm just saying that-"

"Blossomfall! What did I just say?" Leafpool cut her off, once again.

Foxleap felt guilt hit him, and it hit him hard. He didn't know [y/w/n] left the nursery! He was super worried for her. His heart felt like it was gonna explode into one million pieces. There was a yowl in the disstance and Foxleap knew that it was [y/w/n] so he then ran toward the yowl.

Leafpool and Blossomfall were right behind him, once Foxleap got into ShadowClan territory he ran to [y/w/n] as fast as he could. "[Y/W/N]!" Foxleap yowled loudly catching your attention as he layed infront of you. He nuzzled you and cried slightly, you smiled as you panted hardly.

As Leafpool worked on helping you kitting while Blossomfall was keeping watch. "[Y/w/n] look at me, your going to be fine. Just breath, please. Do it for us, do it for me." He said with hope in his yellow orbs. You yowled as you bit onto a random stick, you heard it break in your jaws after 8 seconds.

"Blossomfall, come over here I need your help!" Leafpool called out as a second kit came out.

"Leafpool we need to hurry! I smell ShadowClan cats comming!" Blossomfall meowed as she raced to Leafpool, licking the other kit quickly.

On the other paw your breaths were getting shallow. Your paw found his and you whispered. "Goodbye, Foxleap." At these words Foxleap's eyes widened.

"No...No [y/w/n] don't go! Stay with me! Please! Don't go, I need you....*sob* The Clan needs you, your kits need you! [Y/w/n] don't do this to me, please don't go. I love you to much to let you go," Foxleap sobbed. "Don't leave me alone."

"Foxleap listin to me, I'm never going to leave you alone. But I just want to say.....*Goodbye Foxleap, see you in StarClan. Please take care of our kits."* And with that said, you closed your eyes. Sleep taking over you. And at that time, ShadowClan came and chased ThunderClan out of their territory, good thing they didn't take your kits.

'Foxleap, I love you. I always have, please don't forget that.' Foxleap heared in his ear as he was running with a [fur color] tom in his jaws, he felt a tear come out of his eye as he felt running.

'What should we name them [y/w/n]?' He thought.

'How about, for the tom that looks like me, [tom name] and for the she-cat that looks like you, Foxkit.'

'Perfect names.'

Lionblaze x Reader

[image]

This was requested by Warriorslover320 sorry if I got your user wrong and this was wrote by my friend, she is 15 and knows how to write a x reader, she does it all the time.

_____

It has been a few moons since Hollyleaf told the clans the truth about her, Jayfather, and Lionblaze's birth. And that long since the black she-cat's death. Jayfeather had become the solo medicine cat since Leafpool stepped down. Lionblaze, even though a strong and loyal warrior was questioned by his clanmates. You on the other paw had tried to help him, though this hardship, along with giving Jayfeather a paw whenever needed. It was on a normal day, you had just gotten back from a border patrol with your clanmates Mousewhisker, Dustpelt, and Sorreltail. You made your way to a clear spot and just laid down, watching as your clanmates when along with their day. Your (fur color), (fur length) pelt ruffled in the slight wind.

"Hey (Y/W/N)!" You turned your (eye color) gaze away from your clanmates and looked over to who ever called your name. That was when you noticed that it was the golden tabby tom, Lionblaze. His amber eyes had a warm, friendly look as he padded over to you and sat down by your side.

"Hey Lionblaze." You couldn't help but to purr, you did in fact have a crush on the golden tabby tom.

"So um.... I was wondering if you wanted to go for a walk with me." He looked so shy when he asked that, you couldn't help but to find that cute.

"Sure." You smiled as you got back to your paws.

The two of you then left the camp, talking about a few different

things. Like how the day was going, what you did so far today and about how well the pray was. It was a nice and lovely walk that latter stopped when the two of you started playing around. You and Lionblaze had a play fight, witch Lionblaze had won. For a few heartbeats you two stay like that, Lionbaze had you pinned to the forest floor and his amber eyes were looking into your (eye color) ones. Soon he got off of you and give you a shy look as he shifted from one paw to the other.

"Is every ok?" You asked, worry showing in your eyes.

"I-it's just that I've liked you from some time (Y/W/N)..." Lionblaze felt his ears heat up and he give you an shy look as he said "I love you."

You felt your heart skip a beat as you looked into those amber eyes.

"Lionblaze I love you too." With that said you stepped forward and nuzzled his cheek with a warm purr. Lionblaze smiled and licked your ear, soon you both headed back to camp.

Scourge x Reader

This was requested by angel-the-cat and Snowheart_ofmoonclan, sorry if I gory our names wrong. Also I am so so so sorry for taking a looooooooooong time with doing this, I have other websites I need to check and I'm getting a lot of comments on my other books. [K/p/n] --Kitty pet name , [r/n] --Rouge name

Also if anyone comments about Scourge's collar then I will report their comment or disable comments if I can do that. His collar is different in every version, so DONT comment about his collar color.

"Tiny!"

"[K/p/n]! How's it going? I haven't seen you in a long time!" I smiled as he said that, he was so nice. Even when his brother and sister bully him he's still nice!

"I'm doing great! What about you?" I asked running up to him. My owner's came to his house, his and my owner's are very good friends.

"Better then I'll ever be! But I still missed you!" He jumped when I tackled him to the ground and licked his check. He started to blush a little bit was cute.

"[K/p/n], please promise me that you'll never leave me." He said a little sadly as if I wouldn't promise. I was shocked

"Tiny.....I can't promise that." He looked sad as tears formed in his icy blue orbs. "Unless you promise first!" I jumped off of him once I said that, he looked super happy.

"Don't worry [K/p/n]! I promise that to the core of my heart!"

"I promise to the core of MY heart too!" I laughed when he was trying to puff out his chest like a hero or something along that.

"Tiny.....We promised, but you broke it." I sighed as my friend, Dust, padded over to his bowl to eat his food.

"Sooo...Who's this 'Tiny' that your talking about?" Dust asked as he stopped eating his food. I didn't want to tell that lazy and fat Siamese cat, so I just left into the backyard to look out into the woods on top of the fence.

"Tiny, I miss you....We...We promised we won't leave eachother, but you broke that promise." I whispered as tears fell from my [color] eyes, I couldn't handle it. I-I loved him to much, and he just ran off. "Tiny, I'm gonna come to look for you..Don't worry" I whispered as I went back into my owner's house, only to get picked up and put into a cage.

I tried my hardest to get get by clawing and flinging around, but the hand on my scruff only tightened and I was forced into the cage. I fearfully faced my owner, it broke my heart to see the one who cared for me, put me in this cage. She was a child when I was bought at a very young age, she was now a teenager with very dark brown hair with died orange stripes in her hair.

"Stupid cat, you clawed me!" She yelled as she tried to hit me, but I fought back and bit her hand. "YOUR THE WORST CAT EVER!" She screamed at the top of her lungs as she stormed out of the house and threw my cage into the back of the car powerfully.

'Where....Where am I going?!' I thought tried to get out of the cage, but guess what. She forgot to lock it so I easily slipped out of it. "Stupid human." I muttered coldly it was about 26 minutes until the car stopped and she opened the trunk. I jumped on her face and started to show her my hate by clawing and bitting her face to make it look as ugly as possible.

Once she tried to grab me I jumped off and ran into the cold dark night on the streets, I stopped and looked back only to see her

looking into a little mirror and crying. I guess she didn't like her makeover I gave her, well that's her problem. I then walked into a little ally way and started to search threw a trash can. My [color] collar iched as it rubbed on my fur, digging into my skin.

"Is there anything good in here?.....Nope, nothing editable." I sighed. Jumping out of the trash can I saw a tip of a white tail turn a corner. "What's that?" I asked myself as I padded after it, I then ran and turned another corner only to met with a furry black and white chest and fall down. I then got up and ran the other way, but the cat held my tail in his jaws. It hurt so much that I gave up, a claw then collided with my head and pushed down since I was laying on my stomach, the cat then pulled on my back leg. I wailed in pain and kicked my back legs with my claws unseathled.

"LET ME GO MOUSE-BRAIN!" At those words the cat stopped and said

"So your a Clan cat, huh?"

"Clan cat? What's that?" I asked as he let me go and I started to lick my tail trying to keep the pain down.

"So you arn't from the Clans, stay here. Or else I will kill you." The huge black and white cat said as he started running around another corner. 11 minutes later he came back with a black cat with one white paw, purple collar and dog teeth on it.

"T-Tiny?" Those words escaped my mouth, I couldn't help myself but to say that. He looked like Tiny. Once I said that he glared, but his eyes went wide.

"[K/p/n]? Is that really you?" The tom said.

'So that is Tiny...If he lets me come with him then my life will be completed.' I thought. "Yes, it is me. Tiny I....I miss you. Why did you leave me?" I asked trying to get up, but my back let stung like lava was pouring on it, I then jerked back as he tried to touch my ear with his nose.

"Wait, Scourge you know this cat?" The black and white tom asked.

"Bone, yes I do. Why did you attack her?" Tiny asked as venom dripped from his voice.

"I thought she was a Clan cat!" The tom, or Bone, said trying to protect himself. It was clear Bone was scared of Tiny.

"Bone, go back to the territory right now before I claw off your ears." Tiny growled and fire blazed in his icy blue eyes. Bone then ran off with his ears back and tail tucked by his side.

"Tiny.....Why? Why did you break my promise?" I asked as tears fell from my [color] orbs.

[K/p/n], I didn't mean to. I swear. I went into the forest to explore then a cat came out of no where and attacked me, that's when I ran away. To get away from them." He said as he nuzzeled me. "And call me Scourge from now on, [r/n]." He said.

"[R/n]?" I asked confused

"Yes, you are a rouge now. Now do you think you can walk?" He asked. I tried to walk, I mean limp. I then limped with him as he helped me.

"Scourge, I know this is sudden....Bu-But I love you." I said as I looked at him.

"I love you to, [r/n]. I always have." I nuzzeled him as he said that.

"Scourge, come meet your children." I said sweetly. He came closer and looked at them.

"Their adorable." He said

"What should we name them?" I asked looking into his eyes

"You pick for the girl, and I'll pick for the boys." He said

"Alright, for the girl, Raven. Because she looks like you." I said, waiting for him to name the boys.

"For the boys, [name] for the black and [color] one, and then for the other boy, Portal because he is black and also the smallest."

"Just like you when you were a kitten." I laughed and he only blushed. Finally, I had a family who loved me, and I loved them more then the moon and back.

Jayfeather X Reader

[image]

I let my friend do them because I kinda forgot what Jayfeather's personality is and I'm to lazy to search it up

You limped into ThunderClan camp. Your were out hunting with Icecloud and Lionblaze when you were chasing after a rabbit and ran into some thorn bushes. One of the thorns had gone deep into your forepaw pad so Lionblaze had told you too head back to camp and to go see Jayfeather.

When you got to his den you saw that he was going though some of his herbs. When you gave a call to the blind medicine cat, he seemed to give you a knowing look and without asking what had happened, he got to work pulling the thorn out of your paw.

It seemed to always be like this, Jayfeather just always seemed to know what had happened to you to make you come and see him. Even if it was just to stop by and just chat with him every now and then. Then after thanking him you went back to doing your warrior jobs.

~Time skip~

It was dark and you lay in your nest in the warrior's den fast asleep. You dreamed that you were in a meadow, it was a lovely place so you sat where you were just looking around. Everything was silent till you heard the voice of both the medicine cat and your long time crush.

"(Y/W/N)?"

With a bit of shock you turned your head around to see the blind tom.

"Oh, hey Jayfeather." You give the medicine cat a smile.

Nothing else was said as the gray tabby tom padded over to you and sat next to you. Everything was silent till Jayfeather spoke "Um... (Y/W/N) I've got something I need to tell you..."

"Hm?" You asked as you looked over to the medicine cat.

"I know this may seem out of the blue and whatever, but I just wanted to say that I think I love you..." Your (eye color) eyes grow wide with shock when you heard this.

"I love you to Jayfeather." You soon purred and you nuzzled his cheek.

After that you two talked, you both knew how bad it was for you two to become mates and both of you knew that it would be easier to meet though our dreams that in the waking world where one of your clanmates might find you. But this went on for moons and you hoped that your secret would never be found out, but there was one last thing you need to tell your mate. The clan might think of something different to go along with it though.

A/N Sorry once again!

Hello guys I just wanted to let you know that I am really sorry for not updating, I will do Ashfur, Graystripe and Brambleclaw right away and I will wait a week to get ideas for the others. I hope your not made at me

Ashfur x Reader

[image]

"What's wrong Ashfur?" You asked as your (f/l) (f/c) fur drifted with the cool breeze. The pale gray tom stopped walking and turned his head to you, a glare fixed on his dark blue eyes.

"Leave me alone (w/n)." Ashfur said harshly, he then ran away, leaving you in the dust.

"Ashfur, wait!" You yowled while running after him, you being faster then the large tom, caught up to him easily and pounced on him. "What's wrong Ashfur?" You repeated, full worry and concern pooling in your voice.

"Your not going to give up, are you?" The tom underneath you asked as you shifted your fore-paws on his spine and your hind paws on his tail.

"Yeap," You meowed cheerfully. "so I'll let you go if you don't run away. Got it?"

"Yes, I get it," He sighed in defeat. "now get off! My tail and spine is starting to hurt!"

You got off of him and a purr of amusement rose in your throat at him still laying down. "I thought you said your tail and spine are hurting." You meowed.

"They are, just... I need to catch my breath."

"Suuuure." Ashfur got up and stretched then looked at you before tapping you on your nose with his paw. "Hey! What was that for?" You asked playfully. Ashfur said nothing but only beckoned you with his tail at the edge of the territory, you two sat there looking at silverpelt.

"Squirrelflight isn't my mate anymore." The pale gray tom blurted

out of no where. Your eyes widened suddenly and realized that Squirrelflight has been distant from Ashfur and closer to Brambleclaw.

"What, why would she do that?" You asked, suddenly protective for your kit-hood friend. "I will kill her," You muttered. "how long was it?"

Ashfur looked down, "I honestly don't know, days, moons. I forgot." You glared at the ground and suddenly felt a something on your tail, you looked back and saw a pale gray tail with darker flecks intertwining with yours. You were about to speek until Ashfur cut you off. "Can we stay like this for a little bit?"

"Yes, we can." You whispered and you leaned on him, his fur feeling soft against yours. He looked at you, his dark blue orbs staring right back at your (e/c) ones.

"Will you be my mate (w/n)?" He asked, you were slightly shocked but found your heart pounding faster.

"You might want to let your broken heart heal before I can be your mate you whispered.

"But it'll only break more." He whispered back. You sighed.

"Alright, we'll give it a try."

"Thank you so much (w/n)! I promise you won't regret it!" He brighter up while purring.

-Time skip cuz I have no more ideas on this scene-

"Hollyleaf, over here!" You called to a younger black she-cat, you shifted your paws at your blackbird and layed down. A vole dropped next to you and then a black pelt layed down next to you.

"Hi (w/n), it's good to finally talk to eachother again," She meowed, looking at you. You nodding in agreement. "so, what have you been up to lately?" She asked with concern in her voice.

You were about to rip into the flesh of the blackbird only to stop

and think a moment. *'What have I been up to lately?..... Nothing new as I can remember, only WindClan scent getting closer to the territory.'* Hollyleaf noticed your silence and staring off with your mouth open, so she jabbed you lightly in the shoulder with her paw, snapping you out of your dazed state.

"Are... you ok (w/n)?" She asked, tipping her head to the side a bit.

"Huh? Oh, yeah. Sorry for zoning out." You meowed, clearly embarrassed about your sudden action.

"Well I'm gonna go to sleep." You yawned.

Hollyleaf had a disappointed look on her face but said an 'ok, good night'. You curled up in your bed and felt cozy, so you easily fell asleep.

-Timeskip only to nightfall-

A rustling noise woke you up from your peaceful sleep and you looked around, you couldn't see anything but you heared the faint sound easily. You narrowed your eyes, thinking your sight would be better that way, but it wasn't. You got up and made sure you didn't step on anycat, then you smelled a familiar scent when you got out of the warriors den. '*Ashfur and Hollyleaf it seemed like... going in the same direction*.' The thought crossed your mind and your (p/c) prickled at the thought of trouble. You then ran in the direction of the scents, getting stronger every second. You finally came across of Hollyleaf standing over a body, while talking harshly.

"H-Hollyleaf?" The black she-cat turned around and went wide-eyed, you then remembered the pelt of Ashfur. "Hollyleaf, wh-what d-did you d-do?" You stuttered. Ashfur turned his head around but it fell back before he could move it less then a mouse-length. "Ashfur..."

"You better tell her, Ashfur." Hollyleaf growled and went somewhere you then ran to his side and saw that he had wounds everywhere.

"What happened? Ashfur tell me, please."

"I trapped them in a circle of fire, as a thing for Squirrelflight not being my mate anymore. I wanted her to feel my pain, but it turned out their not her kits." Now that made you confused, but you didn't ask any questions. "Please don't leave me (w/n), I love you too much. Much more than Squirrelflight." He then coughed up some blood while it trickled in his pale gray fur, looking silver in the moon light.

"I would never leave you, I love you to much too. I would nicer dream of it."

"Good, n-now.....g-goodbye." He whispered, you put him on your back, crushing you under his weight, but managed to walk back to camp with him. Once you got there you went to the Medicine cat's den while she tended Ashfur's wounds.

-Timeskip to day time (I am so sorry I am doing timeskips)-

"(W/n), you can see him now." A voice called out of the Medicine cats den. You instantly rushed in and layed down next to Ashfur's body while purring loudly.

"I told you I wouldn't leave you."

Graystripe x Reader

[image]

This is going to be a Graystripe x RiverClan ! Reader, I hope you guys don't mind. Also there is going to be two of my oc's in here.

(F/n)-Favorite name

~~~~~~~

"(W/n), I can't even believe you did that." A gray she-cat said, poking a (f/c) she-cat with her paw. "I mean, you could've drowned."
~~~~~~~

You looked over to her and spoke. "How can I drown? I know how to swim, unlike all the other Clans that prefer land instead of water."

"I know but.... why would you even do that? I asked you a question and then I see you dive into the water." The gray she-cat spoke, her blue eyes gleaming.

"Mistyfoot, I did catch that fat carp though. So basically that's a win win for me." You said, eyes also gleaming in the sun rays. Your (f/c) pelt bristled as cold wind licked at your fur, pushing it all in different ways. "I never wanted my fur like this, but, thank you StarClan...?"

Mistyfoot was having trouble trying to hold back a purr of laughter, but failed miserably. You glared at her and chased her around the lake you two were still at. "Ok, ok! I'm sorry! I didn't mean it, I swear to StarClan I didn't mean it!"

You then gave a powerful leap and landed softly on her. "That doesn't cut it." You laughed and swayed your (f/l) tail in her face, then jumped gracefully off of her back. The two of you were like sisters, always sweet, helpful and brave. Fierce too, only when you need to be though. You felt something press firmly on you back, and you twisted and batted Mistyfoot on the nose lightly. Somehow during your playful fighting you guys somehow ended up in the river. You went up to the surface and saw Mistyfoot already on the bank, leaping onto the bank with Mistyfoot made a purr rise in your throat. For some odd reason you and Mistyfoot were really close friends, you loved her like a sister and she loved you like a sister. "Well, can you bring the carp that I caught to the camp?" You asked. "I'm going to hunt a bit more."

The pale gray she-cat nodded and went to get your carp to bring it back to the camp.

"Thanks!" You called after her, she only flicked her tail while still walking.

Your thickish (f/c) was dripping with water but the sun reflected your pelt, making it feel warm. Glancing at the water and rocks on

the shore with your (e/c), made you think of your father, Crookedstar. He told you how he twisted his jaw by slipping and hitting it on the Stepping Stones when he was a kit, of course, you didn't believe it then because you were only 4 days old. You didn't have you eyes open at the time but that didn't mean you couldn't hear him. He also told you about Willowshine when you were a warrior, along with Silverstream. A smile crawled on your face as you remembered all the good times with your family, along with Mistyfoot. '*They've been with me my whole life, I love them so much.*' You thought, you suddenly stopped and you saw you were in front of the Stepping Stones. "Was I walking over here without noticing?" You murmured to yourself. Suddenly you scented a ThunderClan cat nearby, but you decided to ignore it.

Just as you were about to turn away and go hunting like you promised to Mistyfoot, you heard a cat snarl as a ThunderClan patrol came out of the shrubs. "You better not come over to Sunning Rocks, because they belong to us fish-face." A huge black tabby tom with piercing bright green eyes hissed out, you remembered him from gatherings and his name was Shadowtiger.

"I wasn't planning to, I was just taking a walk." You meowed, bowing your head a bit at the bigger warrior.

"Shadowtiger leave her alone, there's no need for a fight to break out." A dark ginger she-cat with lighter ginger stripes and pale amber eyes said to the bright green eyed tabby warrior. She then turned towards you. "Don't mind him, he is just protective to his Clan. My name is Firewing by the way, he's Shadowtiger and he-" Flamewing pointed her tail to a gray tom with a darker gray stripe going from head to tail. "is Graystripe."

"Hello Firewing, Shadowtiger and Graystripe. It was nice meeting you, but I have to go now." You said and quickly padded off back to your camp. For some odd reason your heart started thumping in your chest and it felt like you were walking on air once you saw Graystripe. You didn't know what was happening because you have never felt this feeling before, but you thought what it was. '*A-am I in love with that cat? No! I can't be! He's from a different Clan, he probably doesn't like me to. Oh StarClan, why did you do this to me?*' You asked in your head, even though you knew you wouldn't get an

answer. Sighing in defeat, you quickened your pace to get to camp faster, hoping that if you sleep, you'll wake up again. '*This is just a dream, this is just a dream.*' Oh how wrong you were.

-- Timeskip--

A figure stepped into the moonlit cave and layed by you, licking your (f/c) furred ear. You felt all warm and fuzzy inside just being with the cat of your dreams. "Good morning my love." He purred in your ear after licking it.

"It's not even dawn yet, Graystripe." You laughed, leaning your head on the gray warrior's chest as best as you could.

"Wow... Way to ruin the moment (W/n)." Your lover joked. Suddenly feeling a huge stab of pain in your stomach, make you worry if it was time. You felt another jab of pain, but this was worse and you felt something twist and turn in your stomach.

Your body ached and your breath got stuck in your throat, digging your claws in the golden sand below you, made Graystripe worry and asked you if you were alright. "G-Graystripe! I-I think its time." You managed to get out between gasps of breath. Hearing this, Graystripe quickly got up and bolted to the cave entrance. You watched the cave entrance with pain in your (e/c) eyes as you waited for him to come back. Three minutes passed by (but it felt like hours to you) and Graystripe zapped into the cave and by your side again along with Cinderpelt and Fireheart. While Cinderpelt was working she were scared out of your soul. "Graystripe... A-am I going to end up like my sister, Silverstream?" You asked softly to Graystripe, worry and sadness laced your every word.

"No, (W/n). I won't let you end up like her."

"Graystripe."

"What?"

"I'm tired..." You sighed softly, all the pain in you being unbearable. Even though you didn't show it, you wanted to be with your sister again, and your eyes felt heavy like a boulder.

"No! Don't go to sleep (W/n), please... StarClan, why are you doing this to me?" He asked himself.

"Graystripe, come over here and help me!" Cinderpelt called out, Graystripe nuzzled you once more and went over to Cinderpelt.

'I am coming to see you again, Silverstream.' You though sleepily as you closed your eyes and your breathing became more faint.

"(W/n), it's all over.... (W/n)? (W/n)! Wake up! PLEASE WAKE UP!" The gray warrior yowled into the peaceful night.

"We'll leave you alone for a bit." Fireheart meowed softly.

Graystripe stared wide-eyed at the (f/c) furred body below him. He blocked out every sound, but when the kits mewed louder he snapped back to reality and quickly went to the kits. One of them, a brown tabby tom with a crooked tooth, was the smallest but seemed to be the strongest as he crawled away from his littermates. Another one, a (f/c) tom with a darker (f/c) stripe that was going from head to tail, seemed to mew the loudest as his sister, a white tabby she-kit, tried cuddling into him. And finally there was a pale gray she-kit not making any noises but soft whimpers. Graystripe's heart broke as he saw them trying to find their mother. As he spotted the littlest kit going to his mother's body, Graystripe quickly got him away from his mother.

"Graystripe...?" A soft, raspy voice came from behind him. He turned around, with the kit still in his jaws, and he had to put the kit down before he dropped the poor kit.

"(W/n)! Your alive!" He said shocked and happy, you felt sorry for worrying him but it was all over now. Graystripe quickly placed each kit near your belly and curled around on the opposite side so the kits would be safe. "I-I'm speechless. It's a wish come true for me."

"Silverstream didn't want me leaving you alone, all heartbroken. So she let me live, she also had a request for naming two of the kits. The brown tabby, Crookedkit and for the silver tabby, Silverkit." You meowed as you played your head down and Graystripe's head

on yours.

"What do you want to name the (f/c) kit with a darker stripe?" Your loving mate asked you.

"I was thinking (f/n)kit. What about the pale gray kit?" You asked as you intertwined you tail with Graystripe's.

"How about (f/n)kit?" He asked.

"I love it."

"I love you (W/n)."

"I love you too, Graystripe."

Hi guys, I just wanted to say I hope you liked this and this is how I always wanted Silverstream and Graystripe's love story to end. With Silverstream still alive with Graystripe.

What's sup everyone!? I am back and I feel happy once more, many of you helped me, and showed me a brighter side to this world once more, and I thank all of you who were worried for me and read the 'On Hold' chapter. Not many people did so, which makes me slightly sad that they only care about this book and not why it was on hold, but so many of you wanted to help out. So, I am now almost back to full health. I reason why I said almost is because I am emotional and can have breakdowns, however, they are not deadly. When I'm depressed I don't harm myself, but if it gets really bad, then I start scratching up my skin with my nails. But anyhow, enjoy stalking me by learning more information about me! Also I was tagged by sammy300000
(This is based on my 'On Hold' chapter on my spells book.)

1. What's your favorite color?
I have three favorite colors, black, white and red. But if I had to pick one, then black.

2. What's your true name
As much as I hate my real name, it's Miranda.

3. If you could jump into any movie or show what one would it be?
I have no idea. I don't watch T.V. no more, so it's kinda tough. Maybe 'Pit Bulls and Paroles'.

4. Are you dating someone, if not who do you like?
No, I am not dating anyone and I don't want to. Though, my stupid girl feelings go all over the place and makes me fall for a lot of guys.... I don't get nervous or anything like that though.

5. What's your favorite sport to play?
I hate sports, but if I HAD pick, then probably Floor Hockey.

6. What's your favorite word?

Love. It's such a strong word and it makes me remember how many people care for me, even if they don't know me. That gives me a burst of bravery and protectiveness around weaker, and kind people

7. Can you draw good?
Many people say I do, but I don't believe it. I don't believe it because I'm only a beginner at drawing.

8. What book would you jump onto if you could?
Warrior Cats! I could rant all day and night about how much I love about this series! But if it had to be one book from all the rest, then I'd probably say 'Omen of the Stars: Fading Echos'.

9. Do you wish you could be a singer or dancer?
No, I don't. I don't like dancing but sometimes like singing, however, I have no desire to become either one.

10. What's your favorite animal?
A wolf. I love how wolves seem so mysterious, yet kind to their family and pack-mates. Something about them tugs on my interest and it won't ever leave me alone.

11. What is the saddest movie you have ever watched?
You just had to ask that, didn't you? The saddest movie I have ever watched is 'Dino King', or as I like to call it, 'Speckle'. That movie is so sad, I hate seeing movies that destroy a characters past and people their close to. But that's good, because that means that the movie is doing a good job getting me hooked to the storyline.

12. Do you laugh or cry when people get hurt?
Depends. If one of my best friends gets hurt, then I will get very nervous. If it's bad and their crying, in a hospital, close to death, etc. then I will cry. If a friend of mine gets hurt but their laughing, then I'll laugh as well. Not before asking if their alright a million times though.

13. If you had the ability to make everybody bow down to you would you, or would you help everybody?
I would help everyone! Believe it or not, but I put others needs above my own and I will do anything to help anyone. Heck, I'd give up my life just to save a house full of strangers! I wouldn't care if I

wouldn't be remembered, but I do care if they thank me for saving them.

14. What do your walls look like in your room?
Plain white.... I really do wish that I could paint on them, I would make a bunch of paintings of bands and animals then XD
